To whom it may concern,

Our office of Culture Affairs in North America at the Consulate General of Israel in New York is looking forward to the special collaboration between Israeli sculptor Mr. Raffael Lomas, Israeli photographer Mr. Tai Lomas and the New Lab at Brooklyn Navy Yard, NY. The two have been invited to be Artists in Residence there from Feb 12- Feb 23, 2017.

This project attempts to translate movement into 3D printed Sculptures as part of the artists preparations of "iChair" Project, which will be shown in Tel Aviv this summer.

As the New Lab is an interdisciplinary space designed to support artists working on emerging technologies, we are honored that Raffael and Tai Lomas are invited to share their practice and knowledge at these studios here in New York. We are most delighted to support this partnership and looking forward to the outcome of this encounter.

Sincerely,

A. Ivri
